**Anson County Schools 2018-19 North Carolina School Report Card Results**

Parents and Community Stakeholders,

Welcome to the Anson County Schools district link for the 2018-19 North Carolina School Report Card. This site will provide the most comprehensive and important information related to each of the individual schools within our district and our district as a whole, as well as information for comparison with other districts across our state.

As Superintendent of the Anson County Schools, I encourage our parents and community to take time to view the release of the NC School Report Card. This serves as an excellent tool for you to become familiar with our current class sizes, teacher demographics, instructional resources, attendance and graduation rates, state test results, including growth and performance, as well as school safety statistics.

I am proud of our staff and students for the gains and improvements demonstrated for the 2018-19 school year as we are fully dedicated to tasks of self-evaluations, reflections, and adjustments in our effort to provide a quality education to all. This data will be continuously utilized as we implement each School Improvement Plan that has been developed to drive student learning.

My staff and I are always available to review and discuss this information, so if you have questions please contact the school principal, a member of my leadership team or me and we will be glad to provide you clarification on the information.

Sincerely,

Michael H. Freeman, Ed.S.  
Superintendent

**Our Quality Policy**

*"We are committed to providing the highest quality of services to our customers in compliance with requirements. We will achieve this through monitoring and continuously improving our performance based on the district quality policy and customer needs."*
